

## SWIMMING POOLS FOR CITY OR NOT? BOARD UNDECIDED

School Swimming Question  
Is Deferred Again—Physician Member Approves.

Swimming pools or no swimming pools was the question that took up most of the time at the meeting of the Board of Education yesterday. With an almost even division between the members, settlement of the question, which has been debated for months, was again deferred until the next meeting, although the Acting Superintendent of Buildings was authorized to go ahead with plans for Public School No. 70, in the Bronx, which include a pool.

Commissioner Somers opposed the policy of installing pools on the ground that doctors and medical societies are dubious as to their advisability for sanitary reasons. Commissioner Ferguson, who is a physician, declared he has investigated the pools in use and finds them in every way sanitary and highly desirable.

"The policy of putting in swimming pools would mean a great deal of money," he said, "and we shall have to ask the city to decide whether it will go into the undertaking on a large scale or not; but in my opinion it is absolutely essential to have the pools."

The board voted to ask the Board of Estimate for \$12,500,000 more for its building program and \$2,000,000 for Public Works to now under way, contracted for or on the drafting boards, which will use up practically all of the \$55,000,000 thus far allowed by the present city Administration, it was said.

**THE ORIGINAL ONE.**  
(From the Indianapolis Star.)  
"Say, paw," queried little Tommy Toddles, "what is the bone of contention?"  
"The jaw-bone my son," replied the old man, with a side glance at his wife.
